

Temperature Preferences of Mealworms

Name of group members: _____

Date: _____

PROBLEM: Do mealworms like their habitat to be hot or cold?

PREDICTION:

How many mealworms **will be** in the

hot area _____ moderate area _____ cold area _____ after 30 minutes?

RESULTS:

How many mealworms **were actually** in the

hot area _____ moderate area _____ cold area _____ after 30 minutes?

Critical Thinking

1. Were all of the mealworms in one location or more than one location?
2. Did the other groups get the same results?
3. What temperature should you provide your mealworms?
